Speaker(s):

Serena Ehrlich, Director of Social & Evolving Media at Business Wire

Twitter: @Serena

In this breakfast session, Serena Ehrlich will discuss how you can take advantage of the visibility provided by search and social to increase the impact of your news program. This session will cover:

- The modern news consumer, the role of search and social in PR.
- The role of imagery in driving actions.
- Tactical tips for writing a more useful news release.
- Utilizing news release data to support business goals.
- And finally, the changes occurring in the media landscape including intriguing new behaviors from journalists that will impact how you work with them.
